

WELCOME TO APPLY TO AIR TRÆNA

We are happy that you want to apply to Trænas Artist in Residence Program! Our island community have had a fine experience welcoming artists, designers, architects, journalists, musicians, interaction designers, foodies, filmmakers, photographers, social entrepreneurs and creative businesses the last 2 years. We have had 20 projects running, covering a wide range of creative fields, contributing to the local community in different ways.

Good to know before you apply

The frame for the program is open, we would like everyone interested to apply. We are a small organisation with a limited budget, but we go through all applications and projects carefully, with curiosity, and we try our best to help projects find additional funding if needed. Within the program we cover accommodation and travel expenses (up to a certain level). You are welcome to apply on your own or as a project group.

You can write your application in Scandinavian languages or English.

For questions contact info@tenkraena.no

For info about Business in Residence and Chefs in Residence – please check www.tenktraena.no/chefs and www.tenktraena.no/business

Good luck with your application
/ AIR Træna team
